SPECS

- Wingspan: 32'g"
- Length: 21
- Cabin width: 48"
- Empty weight: 680-780 lbs
- Gross weight: 1320
- Engine Rotax 912 ULS or iS
- Horsepower: 100
- Cruise Speed: 130 mph
- VNE: 150 mph
- Stall clean: 42 mph
- Stall full flaps: 32 mph
- Range: 700 miles

The A32 Vixxen was built on the success of the A22LS model. Using the same wing design and construction methods, the fuselage and tail group was completely redesigned with a focus on aerodynamics and reducing drag. The result was not only a much higher cruise speed of easily 130 mph, but also a reduced stall speed! Not only does the increased aerodynamics improve speed, but it also greatly improves fuel economy. With the iS engine the A32 can cruise at 130 mph burning 4.6 gph, or 2.9 gph if slowed down to 100 mph.

FEATURES

FACTORY OPTIONS

- Dynon glass panel
- Garmin glass panel
- Steam gauges
- MGL instruments
- Com radio
- ADSB in/out
- Transponder
- Autopilot
- USB charge ports
- Custom panel layout
- Nav/Strobe lights
- Landing lights
- Landing wig-wag lights
- Wheel pants
- Mud guards
- Bush wheels
- Parking brake
- Locking doors
- Ballistic parachute
- Snow Skis

- Factory built SLSA or ELSA
- Rotax 912 ULS or iS
- 48" wide cabin
- Unparalleled visibility
- No structural tubes in forward visibility
- Large doors for easy entry
- Adjustable seats
- Excellent legroom
- Rugged aluminum and fabric construction
- Rugged tricycle landing gear
- 30 gallon fuel capacity
- 600 lbs + useful load
- Large cargo compartment
- Large flaperons
- Yoke or center stick controls
- Hydraulic brakes
- Very high quality manufacturing
- 1200+ flying
- Excellent safety record
